## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 21, 22 and 28-39 are finally rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis for "said yoke" in claim 21; "the first free end" in claim 22; "the flexible elongate member" in claim 22; "tone of said discrete segments" in claim 22; "said outer surface" in claim 22; "said pivot member" in claim 22; "the pivot pin" in claim 22; "the yoke portion" in claim 22; "the second free end" in claim 22; "said discrete segments" in claim 22; "said outer surface of the pivot member" in claim 22; "said ring member" in claims 28-31 and 33-39; "said segments" in claim 30 and 31; "the radial direction" in claim 32; "the circumferential direction" in claim 33 and "said hinge means" in claim 39.

3. Normally a claim which fails to comply with the first and/or second paragraph of § 112 will not be analyzed as to whether it is patentable over the prior art since to do so would of necessity require speculation with regard to the metes and bounds of the claimed subject matter, **In re Steele**, 308 F.2d 859, 862-63, 134 USPQ 292, (CCPA 1962) and **In re Wilson**, 424 F.2d 1382, 1385, 496 USPQ 494, 496 (CCPA 1970).

### ***Allowable Subject Matter***

4. Claims 20 and 23-27 are allowed.

***Response to Arguments***

5. Applicant's arguments with respect to claims 20-39 have been considered but are moot in view of the new ground(s) of rejection.

Most of the newly present claims and amended claims 20-22 now contain numerous antecedent problems that render them ambiguous and indefinite.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

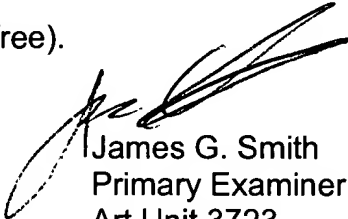

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
